

\*\*\*\*\*ASAP Alert\*\*\*\*\*

6/30/16-7/14/16

Unless operationally necessary, avoid the use of runway 01R for landing and 19L for departure due to noise sensitive areas, unless assigned by ATC. If operationally necessary, pilots are expected to advise the control tower of 1) The operational necessity and 2) Acceptance for any resulting noise violations.
