

## Reporting Fatigue

Calling in fatigue is a challenge, filing a report should not be.

1. **File a Company Fatigue Report:** If you have a fatigue matter, problem, or event: log on to PFC, select Fatigue Report (under Reports), then FEM **MyEvents** page.

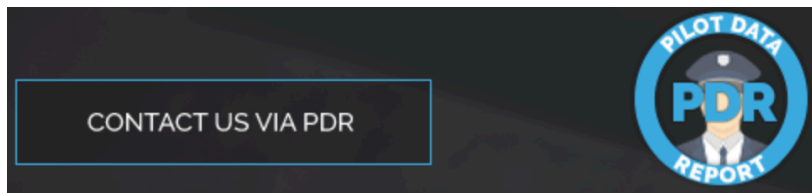

<https://pilot.fedex.com/fem/index#/myevents>

The repository of this data is the largest and most complete for the work we do to reduce systemic fatigue issues.

2. **Send the Union a PDR by selecting Fatigue Reports under Committee/Issue Type.** Upload a snapshot of the FedEx FEM report, or copy/paste the narrative.

[fdx.alpa.org/pdr](http://fdx.alpa.org/pdr)

Share with us via the **Company Fatigue Report (FEM)**, tell us what happened, and if possible, recommendations on how to avoid the fatigue issue going forward. If you have any problems with the reporting process, please let us know immediately! Please provide details of how the reporting process wasn't working for you: Browser? iPad vs. laptop? company computer vs. personal computer?

Summary: File one FedEx fatigue report and copy to [ALPA PDR](http://ALPA PDR).

Your feedback is incredibly important. Remember, no report = no problem.
