

Hotel Discounts for Personal Travel

FedEx Global Travel manages our **preferred hotel program**. Global Travel negotiate preferred rates with hundreds of hotels worldwide. FedEx Employees may also take advantage of these negotiated rates for personal travel hotel booking. We have a detailed online **Hotel Directory** of our preferred hotel properties. Click on 'Hotel Directory' button in navigation bar above to view.

Global Travel does not make hotel reservations for Personal Travel. Employees may book directly with a preferred FedEx hotel. You should identify yourself as a FedEx employee and be prepared to show your FedEx ID upon check-in. To guarantee the rate, a hotel reservation must be made in advance, the hotel notified that you are entitled to the FedEx discount and the rate confirmed. If making a reservation online or via the hotel chain's central reservation phone number, you can also provide the FedEx corporate number for the hotel chains below. If a hotel chain is not shown, FedEx does not have a corporate number.
